

## MRS. BESANT, THEOSOPHIST, NOW TOURING THE UNITED STATES

Mrs. Annie Besant, president of the Theosophical society, whose headquarters are at Adyar, near Madras, India, has just arrived in this country and begun a lecture tour of ten weeks, which will take her to the Pacific coast. The Theosophical society is a worldwide organization, and its presidents are in the habit of touring the world to attend the conventions of the society. The American section's convention will be held in Chicago in September. Mrs. Besant declares that spirit, not mind, will govern the race about to appear upon the earth. She also points to the lore of the ancient east for proof that a million years ago airplanes hovered over armies, annihilating them with powerful explosives.

### Rhode Island Official Finds Destructive Potato Beetle

John J. Dunn, of Westerly, secretary of the Rhode Island state board of agriculture, in examining a field of potatoes recently, discovered that the stalks were being destroyed by a bug, common in the west but new to that section of the country. Specimens were taken to the state entomologist. They were found to be potato beetles, which he had seen in the west. The bug bores into the stalk and kills through, removing the pulp and drying the plant.
